

Replacement Spa Covers

Premium Marine Grade Vinyl

Made tough to withstand the harsh wet outdoors. Cold-crack resistant; UV inhibitors; anti-microbial treated; mildew inhibitors.

Commercial Grade Nylon Zipper

Won't rust or corrode. Glides smoothly to make core removal easy.

Durable Hinges

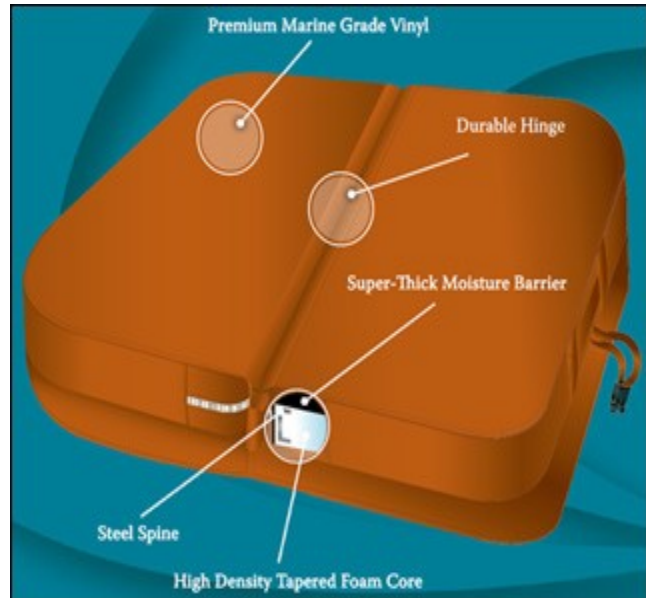

Double stitched for extra strength where it counts. Reinforced with four thick layers of vinyl. Engineered with cover lifters in mind.

Steel Spine

Our foam cores are strengthened across the width with 20 gauge thick galvanized C-channels to prevent sagging or caving under heavy loads of snow.

Extended Perimeter Skirt

Designed to hold in heat, stop water evaporation, and protect the spa's acrylic edge. Standard measures 2-1/2", but we can customize!

High Density Tapered Foam Core

Facilitates water run-off and protects from rain damage. We make our cover with a high R-value for greater insulation.

Spa Cover Color Options:

2 Panel Bi-Fold Construction up to 96" | 4 Locking Straps | Up to 4" doubled skirt

Foam Density	Taper	Cover Size*: Up to 84"	Cover Size: 84+" to 96"
